Judge's Comments:

Well, I had the honor to judge the first love bird division at the Illini Bird Fanciers show. Support was wonderful in entries. An opaline green peachfaced in superb condition and color development won 1st. Its competition was tough. Many fine birds were exhibited too numerous to list. The club put on a fine show making all attending feel welcome. Next year's show will be even larger. ALBS exhibitors support new shows and bring the best. 84 entries with 9 exhibitors for their first division love bird show - wow! Next year make this a show to attend!
