10	Albino Fischers	Orlando Roman	No Band
Champions	None		
Best Novice	None		
Best Unflighted	None		

Judge's Comments:

Love Birds, Inc. has been organizing monthly shows by sections and on February 2, it was time for the Fischer's and what a time it was for the Fischer's fans. There were many mutations and color combinations never seen by most of the visitors. The violets were simply awesome, but as in many other occasions, a green Fischer's presented itself in an unbeatable manner and the second placed birds, a blue Fischer's was as perfect as the first placed bird but not as stable. A dark blue was exhibited which, although not in perfect feather condition, it had as good conformation as I have seen in any of those birds. There were spangles (single and double) but most were just taken away from their breeding cages so their feather condition was not very good as were the mediums and dilutes.
