**Judge's Comments:**

Birds of a Feather Show is one to go to next year. Nice show hall, nice birds for sale, very helpful stewards, secretary, and ribbon tiers. A violet pied won the division followed by a green Fischer's steady, good color and conformation. A dilute blue masked stayed perched all day. A large Australian cinnamon violet was outstanding (soon to be retired I hear). A seagreen followed, then an orangefaced medium green. Then a Black cheek that was in good shape. A whitefaced American cinnamon brought 8th place. Exhibitors sometimes travel long distances and support shows. My thanks for all attending and supporting BOAF and ALBS. We also had a wonderful dinner and delightful conversation. A nice way to end a show.
