**Judge's Comments:**

I would like to thank the Fort Worth Bird Club for having me judge their lovebird division. It was a great class of brds. Also thank Ron Brewer, Marilena Salmones, Sharon Cason, for the help with the show, it made my day judging very easy. Thank you. As you can see in the show results, there was a big variety of birds and colors. The quality of the birds were great. They were in condition and had great deportment. We also had 6 exhibitors that were novice and a junior exhibitor. It is good to see new exhibitors. The club is really doing something right. Keep it up.

Thanks, Joe.
