Best Unflighted	American Cinnamon	Holly Perez	LBS HAP 03 001

Judge's Comments:

Every year in Florida the State Fair Show reminds us of the importance of breeding our birds. Exhibitors come to get refreshed and go home to increase their offspring for the fall shows. ALBS has a wonderful group of people that jump in and help run a good show as well as Society. The orangefaced pied was outstanding displacing the green Fischer's that was very hard to beat. I personally want to thank Paul Crow for traveling so far and stewarding and classifying and Holly Perez for secretaring. These are two workers in ALBS who go above and beyond. To all exhibitors thank you for participating and best wishes for good breeding this year. What a wonderful champion green Fischer's. I want some of that breeding stock!

Judge's Comments:

My thanks go to Holly Perez and Paul Crow who helped me in this judging assignment. Top bird in this show was a magnificent orangefaced green violet. Overall quality in this show was very good, especially the pied sections. That's why the champion green Fischer's could only advance to the 4th position.
