Judge's Comments:

Leaving Ohio I thought, will they have a major show? Was I wrong! They had 132 birds, so I split the show in two divisions, what a great show! The Host Club did their job by taking care of all the little things: Hotel Transportation, meals, great lighting and a good show bench, I thank you for that. In the peachfaced division we had 61 birds, all sections were used, and all were show birds. Thanks to the great exhibitors! The winner was in outstanding condition and deportment, great bird. The second place was one of the best I have seen in a long time. And the opaline was what I believe an opaline should look like, well thanks for having me!

Judge's Comments:

What a great turnout of birds in Tulsa! The composition was really there, 71 birds, and all were of supreme quality. The first three birds were great. The fischer had a full orange bib and was in great condition, then I had a med. Abby that had great color and very good condition. And finally the masked, and it was also in excellent condition. All three birds were from different exhibitors and they made my job very difficult. Thank you for letting me judge this show.
