Club & Show Affiliation Information

Club Affiliation to the African Love Bird Society has been made as simple as possible. We have grown steadily over the last few years and are very proud of our improving ALBS Journal, **Agapornis World**. As you can see we offer a choice of four Affiliation levels. Please read through the list of benefits and choose a level which best fits your club's needs. Remember, any domestic or foreign club/society may join whether or not they have any members who belong to ALBS. If you choose to join our expanding list of affiliated clubs, please return the enclosed application with your payment as promptly as possible.

We hope and recommend that affiliated clubs will choose qualified members of our Panel of Judges for their shows. Panel Judges will be able to answer your member's questions and birds belonging to your members will be able to accumulate Champion Points.
